Dear Sirs

Replacement Appendix 3X

Please find enclosed an Appendix 3X which replaces that which was released earlier today for John Robert Nicholls.

The initial Appendix 3X was incorrect due to an administrative error.

Yours sincerely,

Jessica Neale
Company Secretary

About Austin Engineering: Austin Engineering Limited is an engineering company with manufacturing facilities in Australia, the USA, South America, and Indonesia. The Australian facilities manufacture, assemble, repair and maintain (on and off-site) products used in the mining and resources sector. Key product lines include dump truck bodies, large service vehicles, excavator buckets, materials handling equipment, mineral processing equipment, industrial radiator and cooling products as well as large structural steel projects. The USA facility (Westech) based in Casper, Wyoming, services the North American and Canadian mining markets and is an industry-leading designer and manufacturer of high-efficiency dump truck bodies. The operations located in Chile, Peru and Colombia manufacture, repair and maintain dump truck bodies and other mining products for their respective markets and, in Chile, also provide specialised heavy equipment lifting and transportation services for mining and industrial markets. The Indonesian production facility on Batam Island serves the equipment and service needs of mining and oil and gas-related customers in Indonesia and Asia. Austin also own rights to innovative and automated welding processes and these have been introduced into operations in order to improve production efficiencies.
